ABORTION. Q Fever and Ovine . . . B. P. Marmion and W. A. Watson 360
Adaptation of the Infectious Agent of Tick-Borne Fever to Guinea Pigs and Mice . . . A. Foggie and Catherine S. Hood ... 414
Adrenal Glands in Scrapie Disease of Sheep. The Histopathology of the Spinal and Sympathetic Ganglia and the . . . P. A. L. Wight 53
Aerobic Bacteria of the Nose and Tonsils of Healthy Dogs. The . . . J. E. Smith 428
Antibody Content of Colostrum and Piglet Serum Following Vaccination of the Sow . . . Ruth M. Lemcke and A. Hurst ... 268
Ascorbic Acid in Normal and Ketotic Cows. A Study of . . . P. Imlah 28
Assay of Viable *M. johnei*. Quantitative Studies of *Mycobacterium johnei* in the Tissues of Sheep. I. Routes of Infection and . . . J. G. Brotherston, N. J. L. Gilmour and J. McA. Samuel 286
Asterococcus mycoides. Solid Media for the Growth of . . . E. N. Dafaalla 259
Auditory Meatus of the Dog. The Histopathology of the External . . . G. Fraser 253
Avian Osteopetrosis. Portmortem Findings in . . . J. R. Holmes ... 20

BACTERIA of the Nose and Tonsils of Healthy Dogs. The Aerobic . . . J. E. Smith 428
β-Glucuronidase Activity of Liver. Metabolic Changes in Cattle near the Time of Parturition. II. Hepatic Fat and Glycogen Content, together with Glucose-6-Phospatase, Phosphorylase and . . . E. J. H. Ford 60
Biochemical Observations on Virus Induced *Osteopetrosis gallinarum*. Pathological and . . . D. J. Bell and J. G. Campbell 85
Bovine Tryanosomiasis. III. The Cure of Infected Cattle Removed from a High Tsetse Density. Chemoprophylaxis Against . . . I. M. Smith and W. N. Scott 325
Brain of Goats Affected with Scrapie. The Histopathology of the . . . I. Zlotnik 440

CALVES Maintained in an Infectious Environment. The Experimental Infection of Cattle with *Mycobacterium johnei*. III. . . . J. Deans Rankin 10
Calves Vaccinated with Irradiated Larvae of *Dictyocaulus viviparus*. Serum Antibody Titre, Respiratory Rate and Response to Challenge. Observations on . . . R. L. Cornwell 191
Calculi in the Dog. I. Incidence and Chemical Composition. Urinary . . . E. G. White, R. J. Treacher and P. Porter ... 201
Camels. Observations on the Treatment of *Trypanosoma evansi* Infection in . . . T. M. Leach 109
Canine Ear. The Fungal Flora of the . . . G. Fraser 1
Caprinized Rinderpest Virus. Rinderpest Interference with . . . J. K. H. Wilde and G. R. Scott 222

PAGE

Caprinized Rinderpest Virus. Treatment of Rinderpest Infected Cattle with . . . G. R. Scott 228

Cattle with *Mycobacterium johnei*. II. Adult Cattle Inoculated Intravenously. The Experimental Infection of . . . J. Deans Rankin 6

Cattle with *Mycobacterium johnei*. III. Calves Maintained in an Infectious Environment. The Experimental Infection of . . . J. Deans Rankin 10

Cattle with Caprinized Rinderpest Virus. Treatment of Rinderpest-Infected . . . G. R. Scott 228

Cattle Removed from a High Tsetse Density. Chemoprophylaxis against Bovine Trypanosomiasis. III. The Cure of Infected . . . I. M. Smith and W. N. Scott 325

C.57, C.B.A., and Swiss White Mice. Infection of Laboratory Animals with *Mycobacterium johnei*. IV. Comparative Susceptibility to Infection of . . . R. L. Chandler 233

C.B.A., and Swiss White Mice. Infection of Laboratory Animals with *Mycobacterium johnei*. IV. Comparative Susceptibility to Infection of C.57 . . . R. L. Chandler 233

Chemical Composition. Urinary Calculi in the Dog. I. Incidence and . . . E. G. White, R. J. Treacher and P. Porter 201

Chemoprophylaxis against Bovine Trypanosomiasis. III. The Cure of Infected Cattle Removed from a High Tsetse Density . . . I. M. Smith and W. N. Scott ... ...

Chickens following Infection with *Mycoplasma gallisepticum*. An Immunological Phenomenon in . . .D. A. McMartin and H. E. Adler 311

Chicks Infected with *Plasmodium juxtanucleare*. Symptomatic Partial Paralysis in . . . M. A. Al-Dabagh 217

Clinical Syndrome. Scrapie Produced Experimentally in Goats with Special Reference to the . . . I. H. Pattison and G. C. Millson 101

Clostridium welchii. Necrotic Enteritis in the Fowl. (*Gallus gallus domesticus*). I. Histopathology of the Disease and Isolation of a Strain of . . . W. E. Parish 377

Clostridium welchii. Necrotic Enteritis in the Fowl. II. Examination of the Causal . . . W. E. Parish 394

Colostrum and Piglet Serum following Vaccination of the Sow. Antibody Content of . . . Ruth M. Lemcke and A. Hurst ... 268

Congenital Myopathy in Lambs . . . D. I. Nisbet and C. C. Renwick 177

Cortisone. Infection of Laboratory Animals with *Mycobacterium johnei*. I. Infection in Swiss White Mice and its Modification by Suramin and . . .R. L. Chandler 118

Cortisone Treatment. Infection of Laboratory Animals with *Mycobacterium johnei*. II. Infection in White Rats; Effect of . . . R. L. Chandler 131

Cow. 5. The Radiotoxicity of Iodine-131. Fission Products and the Dairy . . . R. J. Garner, B. F. Sansom, H. G. Jones and L. C. West 71

Phosphorylase and β-Glucuronidase Activity of Liver. Metabolic Changes in Cattle near the Time of Parturition. II. Hepatic Fat and Glycogen Content, together with Glucose-6-Phosphatase . . . E. J. H. Ford 60
Pig. The Identification of a Haemophilus-Like Organism Associated with Pneumonia and Pleurisy . . . P. R. J. Matthews and I. H. Pattison 44

Piglets. Effect of Streptomycin on the Growth Rate and Intestinal Flora (*Escherichia coli*) of . . . S. J. Edwards 243
Piglet Serum Following Vaccination of the Sow. Antibody Content of Colostrum and . . . Ruth M. Lemcke and A. Hurst ... 268
Plasmodium juxtanucleare. Symptomatic Partial Paralysis in Chicks Infected with . . . M. A. Al-Dabagh 217
Pleurisy in the Pig. The Identification of a Haemophilus-Like Organism Associated with Pneumonia and . . . P. R. J. Matthews and I. H. Pattison 44
Pneumonia and Pleurisy in the Pig. The Identification of a Haemophilus-Like Organism Associated with . . . P. R. J. Matthews and I. H. Pattison 44
Postmortem Findings in Avian Osteopetrosis . . . J. R. Holmes ... 20
Pregnant Mice. Uterine Pathology of Temporarily-Fasted . . . T. J. McClure 16
Propagation of Rinderpest Virus in Embryonated Eggs. Some Factors Influencing the . . . A. J. MacLeod and Shigaru Kishi 140
Poultry. Haemangioendotheliomas in . . . Bertil Jarplid ... 370
Q FEVER and Ovine Abortion . . . B. P. Marmion and W. A. Watson 360
RADIOTOXICITY of Iodine-131. Fission Products and the Dairy Cow. 5. The . . . R. J. Garner, B. F. Sansom, H. G. Jones and L. C. West 71
Rats; Effect of Cortisone Treatment. Infection of Laboratory Animals with *Mycobacterium johnei*. Infection in White . . . R. L. Chandler 131
Red Cell Iso-Antibodies. Papain-Treated Red Cells in the Detection of Pig . . . Joan R. Olds 434
Rinderpest Virus in Embryonated Eggs. Some Factors Influencing the Propagation of . . . A. J. MacLeod and Shigeru Kishi ... 140
Rinderpest Virus. Rinderpest Interference with Caprinized . . . J. K. H. Wilde and G. R. Scott 222
Rinderpest Virus. Treatment of Rinderpest Infected Cattle with Caprinized . . . G. R. Scott 228
SCRAPIE Disease of Sheep. The Histology of the Spinal and Sympathetic Ganglia and the Adrenal Glands in . . . P. A. L. Wight 53
Scrapie Produced Experimentally in Goats, with Special Reference to the Clinical Syndrome . . . I. H. Pattison and G. C. Millson 101
Scrapie to Goats and Sheep by the Oral Route. Experimental Transmission of . . . I. H. Pattison and G. C. Millson ... 171
Scrapie. Further Experimental Observations on . . . I. H. Pattison and G. C. Millson 350

PAGE

Scrapie. The Histopathology of the Brain of Goats Affected with . . . I. Zlotnik 440
Serum following Vaccination of the Sow. Antibody Content of Colostrum and Piglet . . . Ruth M. Lemcke and A. Hurst ... 268
Sheep. The Histology of Spinal and Sympathetic Ganglia and the Adrenal Glands in Scrapie Disease of . . . P. A. L. Wight ... 53
Sheep by the Oral Route. Experimental Transmission of Scrapie to Goats and . . . I. H. Pattison and G. C. Millson 171
Sheep. I. Routes of Infection and Assay of Viable *M. johnei.* Quantitative Studies of *Mycobacterium johnei* in the Tissues of . . . J. G. Brotherston, N. J. L. Gilmour and J. McA. Samuel 286
Sheep. II. Protection Afforded by Dead Vaccines. Quantitative Studies of *Mycobacterium johnei* in the Tissues of . . . J. G. Brotherston, N. J. L. Gilmour and J. McA. Samuel 300
Sow. Antibody Content of Colostrum and Piglet Serum following Vaccination of the . . . Ruth M. Lemcke and A. Hurst ... 268
Spleen Infections in Vaccinated and Unvaccinated Swiss White Mice. Infection of Laboratory Animals with *Mycobacterium johnei.* III. Liver and . . . R. L. Chandler 135
Spinal and Sympathetic Ganglia and the Adrenal Glands in Scrapie Diseases of Sheep. The Histology of . . . P. A. L. Wight 53
Staphylococcal Mastitis. Further Immunological Studies in Experimental . . . J. B. Derbyshire 146
Staphylococcal Mastitis in a Dairy Herd. Some Observations on an Outbreak of . . . F. White and I. McDonald 159
Streptomycin on the Growth Rate and Intestinal Flora (*Escherichia coli*) of Piglets. Effect of . . . S. J. Edwards 243
Suramin and Cortisone. Infection of Laboratory Animals with *Mycobacterium johnei.* I. Infection in Swiss White Mice and its Modification by . . . R. L. Chandler 118
Swiss White Mice and its Modification by Suramin and Cortisone. Infection of Laboratory Animals with *Mycobacterium johnei.* I. Infection in . . . R. L. Chandler 118
Swiss White Mice. Infection of Laboratory Animals with *Mycobacterium johnei.* III. Liver and Spleen Infections in Vaccinated and Unvaccinated . . . R. L. Chandler 135
Swiss White Mice. Infection of Laboratory Animals with *Mycobacterium johnei.* IV. Comparative Susceptibility to Infection of C. 57, C.B.A., and . . . R. L. Chandler 233
Synovitis. Egg Transmission of Infectious . . . R. B. A. Carnaghan 279

TICK-BORNE Fever to Guinea Pigs and Mice. Adaptation of the Infectious Agent of . . . A. Foggie and Catherine S. Hood ... 414
Tonsils of Healthy Dogs. The Aerobic Bacteria of the Nose and . . . J. E. Smith 428
Trypanosoma evansi Infection in Camels. Observations on the Treatment of . . . T. M. Leach 109

PAGE

Trypanosomiasis. III. The Cure of Infected Cattle Removed from a High Tsetse Density. Chemoprophylaxis against Bovine . . . I. M. Smith and W. N. Scott 325

Tsetse Density. Chemoprophylaxis against Bovine Trypanosomiasis. III. The Cure of Infected Cattle Removed from a High . . . I. M. Smith and W. N. Scott 325

Tumour in the Goat. A Malignant Intraocular Melanotic . . . A. R. Omar and G. W. Collins 183

URINARY Calculi in the Dog. I. Incidence and Chemical Composition . . .E. G. White, R. J. Treacher and P. Porter ... 201

Uterine Pathology of Temporarily-Fasted Pregnant Mice . . . T. J. McClure 16

VACCINATED and Unvaccinated Swiss White Mice. Infection of Laboratory Animals with *Mycobacterium johnei.* III. Liver and Spleen Infections in . . . R. L. Chandler 135

Vaccinated with Irradiated Larvae of *Dictyocaulus viviparus.* Serum Antibody Titre, Respiratory Rate and Response to Challenge. Observations on Calves . . . R. L. Cornwell ... 191

Vaccination of the Sow. Antibody Content of Colostrum and Piglet Serum following . . . Ruth M. Lemcke and A. Hurst 268

Vaccines. Quantitative Studies of *Mycobacterium johnei* in the Tissues of Sheep. II. Protection Afforded by Dead . . . J. G. Brotherston, N. J. L. Gilmour and J. McA. Samuel 300

Virus Induced *Osteopetrosis gallinarum.* Pathological and Biochemical Observations on . . . D. J. Bell and J. G. Campbell 85

Virus in Embryonated Eggs. Some Factors Influencing the Propagation of Rinderpest . . . A. J. MacLeod and Shigeru Kishi 140

Virus. Rinderpest Interference with Caprinized Rinderpest . . . J. K. H. Wilde and G. R. Scott 222

Virus. Treatment of Rinderpest Infected Cattle with Caprinized Rinderpest . . . G. R. Scott 228
